

Free Mentorship Program for UG Women Students by Women in Management club, IIM Calcutta

Women in Management (WIM) is a student driven initiative at **Indian Institute of Management, Calcutta**. The representation of women in top management in corporate companies is very low owing to the challenges women face in embarking a career in management. Having recognized this, WIM-IIMC embarked on a mission to provide **hand holding support to women students** in UG institutions who are interested to emerge as future managers through it's **UG Mentorship program**.

We seek to engage with enthusiastic **women students** through **personal mentorship, guidance, leadership connects and case competitions (online/offline mode)**.

Registration process:

Interested female students need to fill up a Google form and join the LinkedIn group (links attached below)

Google form: <https://forms.gle/S2ktqQiA1XaxU3MH6>

LinkedIn Mentorship group: <https://www.linkedin.com/groups/13131057/>
